ADICHUNCHANAGIRI INSTITUTE OF TECHNOLOGY

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

CHIKKAMAGALURU – 577102

E – MANTHANA 2K25

Technical Events organized by

YUKTA

PROTOSPAK 2025

– From Circuit Prototypes to Project Sparks!

Venue: EC Branch

Date: 06/10/2025

Round 1 – Quiz

Start Time: 9:00 AM

Duration: 15 minutes (1 minute per question)

Marks Weightage: 25%

Task:

Complete 15 questions within the time limit. The quiz must be attempted on the system allotted to your team.

(Questions will be based on hardware, Boolean logic, gates, and circuit analysis.)

Round 2 – Circuit Simulation

Start Time: 9:30 AM

Duration: 30 minutes (15 minutes per sub-task)

Marks Weightage: 25%

Task:

Simulate the given problem using a circuit simulator.

Teams producing the closest or correct output will receive higher marks.

Simulation will be carried out using **Tinkercad** (for simple logical expressions or waveforms).

Round 3 – Project Expo

Start Time: 10:15 AM

Presentation Duration: 10 minutes per team

(5 minutes for PPT presentation and 5 minutes for explanation + judges' Q&A)

Marks Weightage: 50%

Projects can belong to any domain.

Judging Criteria:

- Innovation and Uniqueness
- Environmental or User Benefits
- Future Scope
- Presentation Skills and Time Management
- Technical Depth and Q&A Performance

Registration fee: ₹400 per team , this amount will not be refundable

Top-performing teams will be awarded exclusive internship and job opportunities along with exciting prizes.

Important Information

- Each team can have a maximum of 4 members.
- There will be no elimination in any round — all teams will participate in every stage.
- Winners will be decided based on overall performance.
- Participants must carry their college ID cards.
- No dress code — participants may attend in uniform or civil dress.
- Prepare your PPT and project in advance.
- Every participant will receive a Certificate of Participation.

TEMPLATE FOR PRESENTATION

Slide 1: Institution logo, project title, team name, tagline, and member names.

Slide 2: Problem – One clear statement describing the problem and its importance (with a brief statistic or real-world example).

Slide 3: Solution – Describe your idea in one or two sentences and how it effectively solves the problem. (You may include a flowchart or working model.)

Slide 4: Market & Audience – Identify who will use your solution and provide a quick insight into the potential market or opportunity.

Slide 5: Why You? – Highlight your project's key differentiator and your team's main strength compared to existing solutions.

Slide 6: Conclusion – State the overall impact of your idea, possible improvements, and next steps.

Don't just simulate — create an impact!

Register early and showcase your technical talent at ProtoSpark 2025 while exploring your project's full potential.
