 Veil of Secrets

Hidden Truths, Twisted Paths, One Winner!

Event Description:

Veil of Secrets is a multi-stage, team-based technical mystery event designed to test participants' analytical skills, problem-solving abilities, and creative thinking. Each act unfolds new layers of challenges where logic meets intuition, and only one team emerges victorious.

Event Details

- Date: 5th November 2025
- Venue: ECE Seminar Hall

General Rules and Regulations

1. Each team must consist of **exactly 2 students** to ensure efficient collaboration and rapid problem-solving.
 2. Use of mobile phones, calculators, and any unfair tools is strictly prohibited within the play zones.
 3. Each challenge is time-bound (15–20 minutes per stage). Organizers may modify time limits as needed.
 4. Any form of misconduct, cheating, or violation of instructions will result in immediate disqualification.
 5. All clues, materials, and instructions for each stage will be provided at the beginning of that challenge.
-

Player Requirements

1. All necessary materials will be provided by the organizers.
 2. Teams cannot bring or use any external items, except for allowed stationery provided at the event.
 3. For technical rounds, computers and required software will be arranged. No external software or files may be used.
 4. Participants must carry a **valid college ID card** for verification.
-

Challenge Progression

- Round 1 will consist of 3–4 challenge stages. Only teams clearing each stage advance to the next.
 - As rounds progress, challenges become more technical and layered, but core rules remain the same.
 - Participants are expected to have basic technical knowledge and sharp presence of mind — *common sense matters!*
-

ACT 1 – Gateway Trials

Tech Charades

- Teams take turns acting and guessing technical terms using only non-verbal clues.
- Speaking is strictly prohibited.
- The team with the most correct guesses within the time limit wins the round.

Blind Drawing

- One member describes a given image, while the other draws based on the description without seeing the image.
- Scoring is based on drawing accuracy and clarity of communication.

Code Logic Race (Qualifier Round for ACT 2)

- Teams solve logic/programming questions on paper without electronic devices.
 - Speed and correctness determine progression to the next act.
-

ACT 2 – Algorithmic Labyrinth

MATLAB Execution Game

- Teams run preloaded MATLAB scripts to extract passwords from program outputs.
 - Extracted passwords are used to unlock subsequent scripts.
 - Top three teams qualify for the final act based on accuracy and speed.
-

ACT 3 – The Final Revelation

Cryptic Code Breaker

- Teams decode answers using hidden clues in circuit diagrams and code snippets/comments.
 - Correct answers reveal a key location leading to a physical mystery box.
 - The first team to unlock the box with the hidden key wins the event and the title of Veil Master!
-

Judging Criteria

- Accuracy and correctness of solutions
 - Time efficiency and completion rate
 - Team coordination and communication
 - Compliance with rules and ethics
-

Organizer's Note

Dear Participants,

Veil of Secrets isn't just a game — it's a test of logic, composure, and teamwork. Every act reveals a deeper challenge where intellect meets intuition. Trust your partner, think smart, and follow the clues. Because in the end, **only one team will lift the veil!**

 *Prepare to uncover secrets, test your logic, and face the ultimate mind maze!*
